Make sure all pets wear collars and tags with up-to-date identification information.

Your pet's ID tag should contain its name, telephone number and any urgent medical needs.

Be sure to write your pet's name, your name and contact information on your pet's carrier.

Store your pet emergency kit as close to an exit as possible.

Make sure it's clearly labeled and easy to carry.

Food and medications need to be rotated periodically, otherwise they may go bad or become useless.
